

# EMPLOYMENT OPPORTUNITIES

Applications are invited from suitably qualified persons to fill the following posts:

## 1. SYSTEMS COORDINATOR/CHIEF EXECUTIVE OFFICER

### JOB SUMMARY

The Systems Coordinator as Chief Executive Officer is responsible for the overall efficient and effective administration of the Caribbean Aviation Safety and Security Oversight System (CASSOS) in accordance with its mandate set out in the CASSOS Agreement, the Revised Treaty of Chaguaramas, the CASSOS Financial Manual and Administrative and Procedures Manual.

### QUALIFICATIONS & EXPERIENCE

- A Master's Degree preferably in Aviation Management, General Management, Business Administration or other equivalent professional training.
- A minimum of ten (10) years aviation experience at a senior management level.

## 2. REGIONAL MANAGER-SAFETY OVERSIGHT

### JOB SUMMARY

Coordinating the activities of the Caribbean Aviation Safety and Security Oversight System based on the safety provisions contained in the Convention on International Civil Aviation and its Annexes, the ICAO guidance documents, the regulations, standards, and procedures of CASSOS member States, the mandate set out in the CASSOS Agreement, the Financial Manual and its Administrative and Procedures Manual.

### QUALIFICATION AND EXPERIENCE:

- A Bachelor of Science degree in Aviation Management or Management Studies
- A minimum of five (5) years' experience at a senior management level with a Government Civil Aviation Authority directly associated with the development and implementation of rules, regulations, operating manuals, and procedures for flight standards certification and surveillance.
- Either:

Be the holder of a valid ATPL including at least one type rating on large turboprop or turbojet transport category aircraft and class ratings on single and multi-engine aircraft, with ten (10) years or more experience as a Pilot in an airline or the military, including at least 5,000 hours as pilot-in-command (PIC) of large civil or military aircraft; or

Be the holder of an Aircraft Maintenance Engineer License, with experience on at least two types of large turbine powered aircraft, with ten (10) years working experience in a repair facility, or in the maintenance or quality department of an airline.

The successful candidates for these positions will be required to live and work in Jamaica. An attractive remuneration package will be offered.

Please visit <http://www.cassos.org> for more information on the positions.

Applications with a detailed resume must be returned by **November 30, 2016** to:

**The Chairman  
Caribbean Aviation Safety and Security Oversight System  
4 Winchester Road  
Kingston 10, JAMAICA**
